

G. Hermon Slade Trophy 2004

The G. Hermon Slade Trophies were instigated to recognize the work and interest in orchids of G Hermon Slade during his lifetime. The Committee decided that with the ANOS Conference later in 2004 it would, for the inaugural trophies, award them to the Champion Australasian Species and Hybrids at the 5th Australasian Native Orchid Conference and Show in Campbelltown 2004.

The **G. Hermon Slade Trophy for the Champion Australasian Species** 2004 was awarded to *Dendrobium polysema* (shown below) of Harry and Doreen Turner of ANOS Macarthur Group. A wonderful plant with several racemes and many flowers.

The **G. Hermon Slade Trophy for the Champion Australasian Hybrid** 2004 was awarded to *Dockrillia* Rosemary Jupp (shown below) of Syd Burton of ANOS Mid North Coast Group. A large plant with many flowers.
